## Family Game Night

It's time to hit pause on the busy schedules, put the phones and devices away, and bring back some good old-fashioned fun! Gather around the table, grab your favorite snacks (popcorn, candy, or maybe even that secret family recipe), and let the games begin.

Whether your family loves the classics like Uno, Monopoly, or Jenga, or you're all about fast-paced party games like Catch Phrase, Code Names, or Exploding Kittens, Family Game Night is all about laughter, competition, and making memories that last.

Don't be afraid to get a little silly—make up funny rules, celebrate big wins, and laugh off those epic defeats. Parents, your high schoolers may not admit it right away, but they love it when you dive in and play alongside them.

So clear the table, load up the snack bowls, and let Family Game Night remind you just how much fun your family can have—together.
