## Celebrating Milestones: Starting Kindergarten

Your child is starting big kid school—boohoo-ing or woohoo-ing, it's a big day! Here are fun ways your family can celebrate this milestone together.

### Family Activities:

- Put a sweet note or drawing in your child's lunchbox for the first week.
- Create a home calendar with stickers for school events and birthdays. Pray over the week together.
- Make a "me mural" with photos or magazine cutouts to celebrate your child's strengths. Remind them they are "God's masterpiece" (Eph. 2:20).

### Family Talking Points:

- What are you most excited or nervous about for kindergarten?
- What makes a good friend?
- Talk about emotions. Ask, "How did that make you feel?"

### Special Gatherings:

- **Kindergarten Bible Celebration**

Parents are invited to a lunch where children receive their Bible—a special milestone and reminder of the commitment to raise them to follow Jesus.

- **Dinner Celebration**

Host a fun dinner at home with your child's favorite meal. Invite loved ones and celebrate the first day with joy and conversation.
