Don't Waste Your Life

In *Don't Waste Your Life*, pastor and theologian John Piper delivers a passionate call to live for what matters most—the glory of God. With honesty and urgency, Piper challenges readers to push back against the pull of comfort, success, and worldly pursuits, and instead invest their lives in things of eternal value.

Through biblical truth, real-life stories, and practical wisdom, Piper shows how making much of Christ brings purpose and joy to every area of life—from work and relationships to ministry and mission. Written especially for young adults and those seeking direction, *Don't Waste Your Life* is a bold reminder that our one short life is meant to count for eternity.
