## **Full Circle Parenting: A Guide for Crucial Conversations**

Parenting is tough! But parents who know and follow Jesus are commissioned to be disciple makers in their homes, raising their children to understand what it means to know and follow Jesus. And in a world that is fighting for the hearts of your child, you need to be prepared to have gospel conversations and engage in difficult but crucial conversations from a biblical perspective with your child.

Using the 3 Circles tool, Jimmy and Kristin Scroggins will help you navigate some of the tough conversations that will come your way.
